## **Experience:**

**WarmUp**, Indianapolis, IN

Front End and Mobile Development Consultant - Apr 2017 to Present

- Develop and deploy referral and networking mobile applications for both iOS and Android platforms with React Native.
- Rebuild existing referral and networking web application using React.js to be implemented into existing product.
- Maintain existing software as needed as a task based, part time contractor.

**Layne Christensen**, Aurora, IL

Account Manager/Sales Engineer - Dec 2013 to Dec 2016

- Created and maintained relationships to determine client needs in order to deliver custom solutions to government agencies, commercial suppliers, industrial facilities, and energy companies in the water resources and water treatment industry.
- Determined water markets for focus and creates strategy to develop new business in the Great Lakes region, while overseeing large scale, complex, multi million dollar projects.
- Constructed and implement sales and marketing strategy through CRM systems.

**United States Army**, Fort Drum, NY

Executive Officer (Ordnance/Logistics Corps) – Nov 2011 to Jun 2013

- Acted as the Executive Officer for a Forward Support Company, consisting of 87 logistic Soldiers within the Headquarters, Distribution, and Maintenance sections.
- Coordinated with battalion staff and monitored the status of all maintenance and all classes of supply.

- Reviewed tactical planning with the company commander while developing service support plans, and procured all needed commodities to synchronize company resources with the overall mission.

**United States Army, Fort Drum, NY**

Maintenance Control Officer/Platoon Leader – Sep 2010 to Nov 2011

- Served as the Maintenance Control Officer and Platoon Leader in a Forward Support Company, while responsible for the training, discipline, readiness, welfare, and professional development of 42 Soldiers and eight non commissioned officers.
- Provided direct maintenance support and recovery assets to a field artillery battalion, ensuring constant unit readiness under both garrison and deployment environments.
- Ordered and tracked all parts and requests to ensure accuracy and timeliness of jobs within the battalion.

**United States Army, Fort Lee, VA**

Army Logistics University – Dec 2009 to Nov 2011

- Completed the Basic Officer Leadership Course for Logistics and Ordnance, studying both in the field and classroom to develop the necessary skills to become a multifunctional logistician, capable of planning, integrating, and executing sustainment operations.
- Honed leadership skills and military tactics to properly lead and manage a platoon sized element of up to 100 personnel upon first assignment.

**Indiana University Reserve Officer Training Corps (ROTC), Bloomington, IN**

Jan 2007 to Dec 2009

- Successfully balanced academics at a top-tier business school with a rigorous leadership training program, while additionally serving in the Indiana National Guard.
